

## Silverburn Shopping Centre, Pollok, Glasgow

<b>Contract Value</b>	£1,000,000
<b>Contract Period</b>	April 2007 – October 2007
<b>Contract Form</b>	Bovis LendLease Sub-Contract
<b>Client</b>	Bovis LendLease
<b>Architect/Engineer</b>	BDP

Land Engineering was awarded the External Hard Landscaping Works Package at the new Silverburn Shopping Centre, Glasgow.

### Activities

- The works involved the formation of all external hard landscaped areas to the perimeter of the shopping centre, including footpaths and entrance features pedestrian areas with associated street lighting.
- The project included groundworks, drainage and ducting, surfacing and the supplying and laying of both man-made precast paving and natural granite paving finished to the highest quality
- Stainless Steel and Granite street furniture completed the works

### Outcome

We were involved in the redesign of the pavement construction to ensure a surface with performance criteria to match future maintenance provision. This delivered a value engineered solution to lifecycle maintenance costs.
