

Stirling Schools PPP -Construction of Sports Pitches at New Wallace High School

Contract Value	£650,000
Contract Period	July 2007 – May 2008
Contract Form	SBCC Minor Works Contract (2006)
Client	Stuart Milne Construction
Architect	Dougal Thornton

Land Engineering was appointed as a specialist sub-contractor to design and construct the pitches at the new Wallace High School in Stirling. This comprised of one third-generation full-size football pitch and two full-size grass pitches.

Activities

- Ground remediation.
- Drainage.
- Full-size synthetic pitch.
- Two natural grass pitches.
- Sports equipment installation.
- Floodlighting.
- Perimeter fencing.

Outcome

Our work was completed successfully and as budgeted for in time and cost.
